

Merry Christmas
from
Bill and Shirley Pipke
Update from our West Africa Ministry trip ...

Thank you for your prayers.

So many of you sent us a note saying you were praying for us each day. As you prayed, God protected us, guided our ministry, and granted us favor. We were able to build a strong relationship with several business and governmental groups. As a result of our presentation; the judiciary, port authority, an accounting company, plus a micro-investment group have invited us back to do professional development days. We look forward to helping them build a culture of Integrity.

We were able to test the Integrity Children's Program with children ages (8-12) (10-14) (12-16). The feedback from teachers and students was very positive.

Bill is holding up a SAMPLE copy of the new Children's Integrity Workbook.

The CLI team were able to test our material with three groups of children.

The response from students and teachers tells us we are providing a much needed program.
